

Reports are created and automatically updated,  
**automating your reports will save you time and allow you to focus on your core transactions.**

## ELIMINATE NON VALUE ADDED ACTIVITIES IN PURCHASING

### AUTOMATED REPORTING AND KPIS

**Promena e-sourcing + e-auction** includes a variety of reporting capabilities that you can use to retrieve, present, and analyze realtime procurement business results.

You have many choices for viewing reports. Each report's footer provides formatting options, as well as buttons for printing, emailing, and exporting to .csv, .xls, or convert to .pdf files

Data stored virtually in a central location is easier to analyze Big Data with Business Intelligence.
